X-Casters™ Series 1-1/2" | Composite Plastic Caster, small caster**Low profile casters, small casters, small caster wheels, low profile caster, dual wheel casters, medical casters, heavy duty chair casters**

Jacob "Holtz has it", High Load capacity Composite Plastic Caster, 150 lb. A whole new category of caster! Great load to price value. Patented technology, uniquely engineered to deliver load capacity not previously available from a molded composite plastic caster

- Patented Design Delivers Superior Strength & Durability
- Market Proven Technology - Over 20 Million in Use
- Strongest Composite Caster on the Market - 80-150 lb Load Capacity per Caster
- Versatile Series - Connections for Every Application & Wheels for Every Floor Type
- Engineered for Easy Rolling
- COSTS LESS than Traditional Single Wheel Casters

Manufactured in accordance with Jacob Holtz Specification Test Standards:

- Dynamic Test - Caster loaded to 150 lbs, run over 1/8" obstacle for 500 crossings. Remove obstacle and run 9,500 additional strokes
- Static Load tested at four times the load rating
- Impact Test - Drop 2" with rated load (150 lbs x 2" = 300 inch lbs)

Low profile casters, small casters, small caster wheels, low profile caster, dual wheel casters, medical casters, heavy duty chair casters, low profile caster wheels, black casters, double wheel casters, heavy duty office chair casters, small caster, dual wheel caster, office chair casters heavy duty, small castors, small plastic casters, small polyurethane wheels
